Re-opening our Church

Dear Parishioners, in compliance with the requirements of State of Massachusetts Safety Standards to reopen Places of worship (see attached file) Starting this weekend 23rd – 24th of May 2020 we are introducing some changes:

- I. The Holy Masses will be celebrated with closed doors to control the number of people in the church building not to exceed the %40 required by the State. Please note that Masses will continue to be streamed online. And if anyone wishes to have confession and receive Holy Communion please call Father to make arrangements.
- II. Anyone wishing to be present please inform the Church office and be there 15 minutes before the beginning of the service and leave only after all is done.
- III. It is important to let the Church office know of who is coming to make arrangements because our church can only hold 36 people keeping the social distancing rules in case we will have more people wishing to come we will move the service down to the church hall where we can have twice that number.
- IV. We have a company doing the disinfecting and cleaning after each service.
- V. All people attending Holy Mass should wear a face mask to protect themselves and others. Also please consider having your own sanitizers if you need any.
- VI. Refrain from moving between floors within the church building and use only the facilities on the giving floor the service is in.
- VII. There will be no gathering or coffee hour at the end of the Holy Mass.

We all hope that these will be just temporary measures, it's a temptation that we all need to go through and endure. We thank you all for your understanding and may the Lord bless you all and keep you safe!

MANDATORY SAFETY STANDARDS

SOCIAL DISTANCING

All places of worship shall limit occupancy to 40 percent of the building's maximum permitted occupancy level as documented in its occupancy permit on record with the municipal building department or other municipal record holder. The occupant count shall include all persons inside the place of worship, including attendees and staff.

Staff or attendants shall monitor the number of attendees entering the place of worship to ensure compliance with the maximum occupancy level.

Attendees who are not part of the same immediate household must be seated at least 6 feet apart. Members of the same immediate household are permitted to sit together and less than 6 feet apart.

If there is fixed seating, rows should be blocked off and kept empty to allow for sufficient distancing between rows.

All attendees and staff must wear face coverings or masks in accordance with COVID-19 Order No. 31 and the Department of Public Health's Guidance while inside and while entering and exiting places of worship or otherwise participating in in-person services, except where a person is unable to wear a face covering or mask because of a medical or disabling condition.

For children between age 2 and 5, the wearing of a face covering or mask is at the discretion of the child's parent or guardian. Children under the age of 2 should not wear a face covering or mask.

A person who declines to wear a face covering or mask because of a medical or disabling condition shall not be required to produce documentation verifying the condition.

Places of worship may refuse entry to a person who refuses to wear a face covering or mask for non-medical reasons.

Recommended best practices

If feasible, places of worship are encouraged to arrange online sign-up for services in advance in order to monitor and limit the number of attendees.

Places of worship are encouraged to place tape or other visual distancing markings on seating to delineate 4-foot separations and to post signage indicating the maximum number of persons permitted per row.

Provide ventilation for enclosed spaces where possible. For example, consider opening windows and doors to allow airflow.

Places of worship are encouraged to take steps to encourage orderly entering and exiting of services in a manner that encourages social distancing. For example:

- Signage or floor markings should be posted to have one-way aisles or otherwise direct attendees to follow certain pathways for entering and exiting the service.
- If a line forms outside of the service, those waiting should be directed to maintain social distancing. Tape or other markings on the ground outside of places of worship should be placed to encourage attendees to maintain social distancing of at least 6 feet.
- Staff should direct people in high traffic areas to help maintain social distancing.
- Officials or other staff should direct successive, row-by-row exiting.

HYGIENE PROTOCOLS

Places of worship shall ensure that attendees and employees have access to handwashing facilities, including soap and running water, and allow employees sufficient break time to wash hands, as necessary.

Recommended best practices

They are also encouraged to make alcohol-based hand sanitizers with at least 60% alcohol available, if possible.

STAFFING & OPERATIONS

Places of worship shall not have communal gathering pre or post service (e.g., coffee hours or other food services).

Places of worship running food pantries or other prepackage food distribution may continue to do so.

Any children services shall remain closed until such time that there is additional guidance.

If a place of worship learns that an attendee or employee or other worker has tested positive for COVID-19, it shall notify the local Board of Health (LBH) in the city or town where the place of worship is located and assist the LBH as reasonably requested to trace likely contacts and advise contacts to isolate and self-quarantine.

Recommended best practices

Places of worship are encouraged to notify the means to collect any financial contributions from attendees so as to eliminate shared contribution bags and baskets and to minimize contact. Consider setting up a no-touch method to collect contributions, and encouraging contributions through mail or electronic means.

Places of worship are encouraged to modify communal rituals, like taking communion or passing of the peace, so as to limit contact with others. Consider distributing, where applicable, prepackaged communion or sacraments.

CLEANING & DISINFECTING

Places of worship shall be cleaned and disinfected between each service, including disinfection of busy transit areas and high-touch surfaces (e.g., door knobs, bathrooms, microphones, shared instruments).
